An important note about submitting courses to STARFLEET Academy

When completing multiple courses from the same College, the maximum number of courses you can have submitted at one time is ten (10). That means that you need to wait for the Director of that College to enter your grades into the SFI database (<https://db.sfi.org/>) before you are allowed to submit another ten (10) courses. This is to ensure that Starfleet Academy Directors are not overwhelmed.
